EDUCATION

Texas A&M University, Mays Business School College Station, TX
Master of Science in Management Information Systems, GPA 4.0 Aug 2026 - May 2028

KJ Somaiya College of Engineering Mumbai, India
Bachelor of Technology in Information Technology, Honors in Artificial Intelligence, GPA 3.69 Aug 2020 - May 2024
Coursework: Business Analytics, Statistics & Probability, Data Warehousing, Data Visualization

EXPERIENCE

Ericsson Mumbai, India
Solution Integrator, Product Team Aug 2024 - Aug 2026

- **Automated** recurring VM inventory, infrastructure validation, and reporting workflows using **Python and Shell scripting**; cut manual login time across **300+ VMs from ~10 hours to 10 minutes, saving ~9.8 hours per execution**.
- **Executed 20+ Ericsson Network Manager product upgrades**, performing pre-upgrade validation, upgrade execution, post-upgrade verification, and troubleshooting across product environments to **ensure operational consistency**.
- **Accelerated** the ENM 20 project, helping the team become the **fastest team** to complete upgrades in **approximately 3 weeks**; participated in **3–5 EVT cycles** with **zero JIRA escalations**, reducing troubleshooting effort and operational costs.
- Collaborated with cross-functional engineering teams to resolve production issues, coordinate upgrade activities, and **strengthen service reliability** across product environments.

DeepCytes Ventures, Cyber Security Mumbai, India
Ransomware Research Intern Jul 2023 - Jul 2024

- Analyzed ransomware **activity** in controlled environments to identify behavioral patterns and document findings.
- Investigated comprehensive CVE, IOC, and threat intelligence data, uncovering 25 key patterns which streamlined research and improved the accuracy of threat assessments by 40%.

TalaKunchi Network, Telecommunications Mumbai, India
Data Analyst Intern Jun 2023 - Jul 2023

- Developed **Python automation scripts** for sensitive data extraction and analysis, **streamlining** organizational risk assessment.
- Designed a risk-scoring model to **assess** organizational security and compliance data and support data-driven decision-making.

PROJECTS

Inclusify - Accessible Assistive Technology Web Application Dec 2023 - Jan 2024

- Developed **Inclusify** using **Python, ReactJS, and Firebase**, integrating voice narration, AI chatbot assistance, and one-click authentication to **streamline user interaction and deliver accessible, responsive functionality**.
- Earned Runner-Up honors at the Sharekhan Roarathon Hackathon by delivering a **full-stack assistive technology solution**, demonstrating effective integration of frontend, backend, authentication, and AI capabilities.

Remedy Recommendation System Jan 2023 - May 2023

- **Analyzed and preprocessed symptom data**, applying Decision Tree, Random Forest, and SVM classification models to recommend remedies; achieved **96% accuracy** with Random Forest and Decision Tree.
- Built a **Python/Django and PostgreSQL-based** recommendation system, **benchmarking** multiple ML models and achieving 94% test accuracy for disease prediction using Random Forest.

SKILLS

Programming & Data: Python, Pandas, NumPy, Regex, SQL, Microsoft Excel
Analytics & Visualization: AWS, Data Analysis, Data Visualization, Jupyter Notebook, Tableau, Power BI
Tools & Technologies: Git, Linux, Django, Jenkins, Ansible, Kubernetes, Docker, Ericsson Network Manager
Certifications & Training: ENM, Automation, AI, Cloud, Security, Cloud ENM, Kubernetes, Docker
Interests: Product Management, Technology Consulting, Process Automation, Data Engineering, Data Science, Data Analysis

LEADERSHIP & VOLUNTEERING

- **Guided students to apply Excel, SQL, and data analysis** to solve technical assignments and strengthen practical analytical skills as a Teaching Assistant for **ISTM 210 – Information Systems Analysis**.
- **Led and represented the official K. J. Somaiya College of Engineering dance team**, winning 3+ national competitions, including BITS Pilani Hyderabad (2×) and VIT Chennai, and 10+ domestic competitions.
- Coordinated volunteer activities for Nurturing Lives NGO, supporting community outreach initiatives.
